

# Americanism Report, 6 January 2018

---

With the end of the year now passed, the work for the final versions of the Americanism Score Sheets will begin. A few chapters have provided drafts. Two chapters do not have official points of contact, which will make the recording more difficult.

Several items from the national level I tend to send out to the chapters for inclusion by 15 January. If there are any items that state chairs feel I should know about for the State Score Sheet and for transmittal to the appropriate Chapters, please let me know by 10 January 2018.

All chapters are requested to submit their Score Sheets at their earliest convenience after 15 January.

I will submit all chapter Score Sheets and the state Score Sheet by 1 March 2018.

Respectfully Submitted,

James F. Engler, Sr.  
MDSSAR Americanism Chairman
